PROPERTY DESCRIPTION

Location! Location! Location! Did someone say Stylish Beach House? This gorgeous little gem offers a relaxed and trendy vibe with a gorgeous outdoor living space and candy floss sunsets. Look inside at the basement entertainment room and generous office space. The split level flooring provides ample privacy with bedrooms downstairs and kitchen and living and dining upstairs. Generous balconies and decks on both levels just mean you need to party here. But my favorite bit in the house is the large downstairs balcony opening up onto the wood deck, with the sound of the ocean as you lay in bed and just footsteps onto the sand for a morning coffee and a stroll.
